衷心感谢

Global Health Research Center Seminar Series #99

the generous donation to

Duke Kunshan University

Speaker: Dr. Qian Long

Assistant Professor at Duke Kunshan University

Summary of talk:

China has witnessed a rapid increase of cesarean section (CS) rates over the last three decades. It has been argued that non-clinical factors, including women's personal preferences, are driving the increase in CSs. We conducted a mixed-methods systematic review and included longitudinal, cross-sectional, and qualitative studies in mainland
