

Research Intern for Environmental Health

Duke Kunshan University

Job Description

Position Overview:

The Environmental Research Center at Duke Kunshan University is a research institution that integrates research and educational programs in environmental science and policy. The research center provides a hub for faculty to engage in interdisciplinary and policy-relevant research in China and beyond; it facilitates collaborations with faculty and researchers at Chinese universities, businesses operating in China, policy-makers, and non-governmental organizations. The research center also serves as a hub for innovative student research projects that are collaborative, vertically integrated, problem-focused, and multidisciplinary. For more information, please visit: <http://environment.dukekunshan.edu.cn>.

We are hiring a research intern to work at Duke Kunshan University in Kunshan, China. This position will closely involve in and support various activities related to environmental health projects.

Reports to:

Assistant Professor of Environmental Health Science

Essential Duties:

- Assisting in promoting the progress of research projects, including data collection, and statistical analysis. Proposing creative ideas and leading the projects are desirable.
- Involving in drafting manuscripts for peer-reviewed journal submission, and making public presentations to disseminate the key findings.
- Other administrative tasks as assigned.

Required Qualifications:

- Junior or senior undergraduates majored in environmental science, exposure science, environmental health, epidemiology, occupational health, or other related fields.
- Experience with applied biostatistics, and statistical programming (including SAS, STATA, or R).
- Strong writing and communication skills in English.

Application Process:

Interested applicants should send a Curriculum Vitae and a cover letter with the subject line of “Environmental Health Research Intern Application 2019” to DKUrecruitment-Intern@dukekunshan.edu.cn and john.ji@duke.edu.
